## **MAIN PROGRAMME**

### **'A ROCK AND A HARD PLACE'**

**Curators: Paolo Colombo, Mahita El Bacha Urieta, Marina Fokidis**

**Assistant Curators: Domna Gounari, Anna Mykoniati (SMCA)**

The curators of the main programme of the 3rd Thessaloniki Biennale, Paolo Colombo, Mahita El Bacha Urieta and Marina Fokidi, have chosen the title of the programme, responsive to the current social and political state of affairs in the Mediterranean region and even further. In their main ideological text they point out the following:

“In the current climate of gathering instability that holds great promise, as well as danger, the title A Rock and a Hard Place resonates powerfully. It captures the sense of fragility and jeopardy that looms over the wider politics of the Mediterranean and the psychology of the individual. Affected by a sense of impending danger and ‘Hamletic’ doubt, contemporary artists produce work that is often characterised by a defensive, ironic stance”.

The main programme of the 3rd Thessaloniki Biennale of Contemporary Art derives its inspiration from the city, as a metaphor of the powerful multicultural character of its past history. Each and every one of the exhibition halls (5 historical monuments and 5 museums) constitutes an episode of the all-embracing narrative. These episodes are inspired both by the former and the current use of these buildings, by the past and contemporary contribution to the social life and political game of the city, and the artists and the works hosted have been chosen within this framework in particular. Therefore, the visitors of the exhibitions will be walking around the city and at the same time will be playing a part in its life and history.

**Venues:** Archaeological Museum of Thessaloniki, Museum of Byzantine Culture, State Museum of Contemporary Art (Moni Lazariston), Contemporary Art Centre of Thessaloniki (port of Thessaloniki, warehouse B1), Macedonian Museum of Contemporary Art, Teloglion Foundation of Art-AUTh, Alatza Imaret, Yeni Djami, Casa Bianca, Bey Hamam, Eptapyrgio.

In terms of the Moni Lazariston, following a proposal of the three curators of the main programme, in the two central exhibition halls, works from the Costakis Collection will be set in an indirect dialogue, in terms of theme and aesthetics, with contemporary works of art. The works from the Costakis Collection that have been selected by the artist Kostis Velonis concern the part of the interaction with his works of art, and the ones selected by the chief-curator of the SMCA, Maria Tsantsanoglou, regard the interaction with the work of the rest of the artists.

The architectural design of the museological concept in the exhibition halls of the main programme has been undertaken by **Andreas Aggelidakis**.

The exhibition "**The Jews in Thessaloniki. Indelible marks in space**" is an attempt towards the recomposition of the palimpsest of the major Jewish community in Greece, guided by the tangible or intangible 'indelible marks' of the Jewish presence in the city in the course of time.

Through four exhibition unities the history of the Jewish Community is presented as an archaeological search, from the Hellenistic period, when the first signs of its presence are traced, till the tragic annihilation during the WWII; a journey in time and place through the history of the Jews of Thessaloniki revealing another story of the city; a course through the city history with stops-landmarks that reflect the religious, social, economical and spiritual dimension of the Jewish Community. Points of referral: the University of Thessaloniki, an area where already from ancient times the Jewish cemetery extended, the Ancient Agora of Thessaloniki, where the Rogos Jewish community was located, the hotel Electra Pallas in Aristotelous str., built in the place of the known School of Alliance, Liberty Square, the customs-house at the port, the commercial arcades Saoul and Modiano, emblematic buildings-villas in the east part of Thessaloniki, and the railway station, where the wretched settlements of the poor Jews were located (settlement Hirs ).

Objects, rich audiovisual material, which includes unpublished documents, photos, maps, narratives and testimonies, accompany the thematic unities.

**Project: Roaming Images. Crossroads of GREEK AND Arab Culture Through the Eyes of Contemporary Artists**

**September-December 2011**

**Head of the project:** Christos Savvidis

**Curators:** 'Roaming Images, Exhibition': Iara Boubnova. 'Roaming Images, Routes': Sotiris Batchtsetzis.

**In cooperation with:** Aristotle University of Thessaloniki (AUTH)- School of Architecture, Institute Mehmet Ali for Research in Eastern Tradition, Kavala (IMARET), National Bank of Greece Cultural Foundation (Morfofotiko Idryma Ethnikis Trapezis-MIET)- Thessaloniki Department.

Roaming Images is a project by the [Macedonian Museum of Contemporary Art Thessaloniki, Greece \(MMCA\)](#) organized in the framework of the 3rd Thessaloniki Biennale of Contemporary Art. It is a nomadic forum that brings the West and the East together, through the search of the various concepts of 'image', along with the ideologies and geo-cultural state of affairs that fostered them. The project calls contemporary artists to engage the cultural heritage of the Arab peninsula and the Eastern Mediterranean as places of a long-standing artistic and cultural convergence. The notion of image evolves into a world medium of telling the story concerning the way we speak, the way we think and even the way we envision the future.

The 'Roaming Images' project consists of the exhibition 'Roaming Images with curator Iara Boubnova, as well as of the 'Roaming Images, Routes' with curator Sotiris Batchtsetzis. Within the framework of the 'Roaming Images, Routes', a series of projects (organization of site-specific projects or public art interventions, lectures, workshops etc) is taking place in various cities - stations, along the route linking Muscat (Oman) to Thessaloniki (Greece), with the participation of local artists, writers and scholars that work in this broad geographical region. With the cooperation of the creative forces of local organisations, partners and institutions, 'Roaming Images', in Thessaloniki, presents works of art connected with these events and with their documentation.

At the same time, the exhibition 'Photography as a Means of Creating or Subverting Stereotypes', curated by Lena Athanasopoulou, at the National Bank of Greece Cultural Foundation-Thessaloniki Department, presents works of students involved in the issue of stereotypes.

Organizing Committee of 'Roaming Images': Xanthippi Scarpia-Hoipel (President of the Board of Trustees of MMCA, Katerina Kamara (General Secretary of the Board of Trustees of MMCA), Matoula Scaltsa (Member of the Board of Trustees of MMCA), Denis Zacharopoulos (Artistic Director, MMCA), George Papakostas (President of the School of Architecture, AUTH), John Epameinondas (Director MIET-Thessaloniki Department), Anna Tzouma-Misirian (President of IMARET)

Roaming Images is supported by the program Crossroads of the Hellenic Ministry of Culture and Tourism and the 3rd Thessaloniki Biennial. It's part of the Focus Middle East project by MMCA.

These special works of art will accompany furniture and small objects from the collection of Nestor and Alice Teloglou aiming at an exhibition which searches to

highlight issues such as the value of the fragment as a record of culture, as well as the selections of Greek collectors.

#### **- 'Domino'- International Young Artists' Workshop**

**Curators:** Areti Leopoulou, Theodore Markoglou (CACT-SMCA)

The **3rd International Young Artists' Workshop is focusing** on the contemporary experimental art, highlighting a characteristic dimension of Thessaloniki, as a cultural crossroad with historical and broader dimensions.

The workshop could function as a 'temporary autonomous zone' within the Mediterranean environment and its economical and political conflicts, realignment and unrest. In this framework, the title 'Domino' was selected, as a reference to the known and dominant -on a political and economical level- theory of the 'Domino effect'. Based on the central idea of the 3<sup>rd</sup> Thessaloniki Biennial and the workshop's concept, all the participating artists come from the Mediterranean and the Middle East regions.

The workshop will begin on the 18.09.2011, at the former army camp 'Pavlos Melas', with the kind support of the Municipality of Pavlos Melas. It will be brought to completion on October the 7th, with the opening of the exhibition of all the works produced during the artists' stay (duration of exhibition: 07.10-07.11.2011).

**Participating artists:** Dimitris Ameladiotis (Greece), Nadia Ayari (Tunisia), Sirine Fatouh (Lebanon), The Fleetgroup (Georgia), Andre Gonçalves (Portugal), Elina Ioannou (Cyprus).Nader Sadek (Egypt).

#### **- Performance Festival, Thessaloniki, 19-25 September 2011**

The Performance Festival constitutes an international meeting of this rather radical and unconventional artistic practice within the framework of the 3rd Thessaloniki Biennale of Contemporary Art. As in its emergence (May 2009), the Festival will focus utterly on the art of performance, aiming at evolving into a meeting place and an interactive platform of Greek and foreign artists, that search for the ultimate value of the human body, in terms of its form and content, and set off the social-political dimension of this particular expression of art. The aim of the Festival is to collect and to present all the heterogeneous elements that make up performance art and to portray all the possible dimensions for a thorough exploration of all the pertinent aspects, meanings and ideas. Alongside the live performances, the festival will encompass lectures, masterclasses, screenings, workshops, concerts, tributes and an exhibition, in an attempt to approach the meaning, the history and the development of performance in Greece and abroad.

The French avant-garde artist **ORLAN** will be the Guest of Honour of the Performance Festival. Screenings of historical performances will be included as well as a presentation of her work, through a discussion with the 3d Biennale Director, Katerina Koskina.

The Festival will take place in various places in the city, external and internal, and will offer to the broader public the opportunity of communication and interaction.

**Artists:** Nisrine Boukhari (Syria), Silvio De Gracia (Argentina), Nezaket Ekici (Turkey), HOPE (Greece), Regina José Galindo (Guatemala) Alastair MacLennan (N.Ireland), Mohammad (Nikos Veliotis, Coti K.
